Company presentation

Innovative laser vision correction company CustomVis plc (AIM LSE: CUS) announces that a copy of the presentation made at the Annual General Meeting yesterday and to institutional and other investors is available from the Company's website at [www.customvis.com](http://www.customvis.com).

The presentation outlines developments of its flagship product, the PULZAR Z1™, a solid state refractive laser designed for custom refractive surgery and includes Directors' estimate for revenue in the year ending 30 June 2009 of £1.7 million. Further, its new product, the RetinaVis™ portable retinal camera is destined for production and release in 2009.

As stated in its Annual Report for the year ended 30 June 2008, the company performance measures are to target to produce and sell three lasers per month, to be cash flow positive and increase the installed base of Pulzar Z1™ lasers to 50 by 30 June 2009.
